AND:
To the many individuals who
have given of their time,
resources and energy to this
ministry. May God Bless you!!

Since 2001:

The Honduras Mission Team has
been building relationships on
Roatan and providing
opportunities for individuals,
families (and now nursing students
from CSU) to experience short
term foreign missions at Flowers
Bay Baptist Church, Roatan,
Honduras. Through clinics and
health fairs we share the love of
God and the salvation He provides
through Jesus Christ while meeting
physical and spiritual needs in this
impoverished area of the world.

For more information on how you
can be involved in this short term
mission opportunity this summer,
Please call:

Hudi (Judith) and Dick Smith:
843-899-4181 or 843-708-2591

"God at work"

**HONDURAS
MEDICAL
MISSION**

Honduras Mission Statement

To share the gospel of Jesus Christ through our words and actions while conducting medical clinics, school health fairs and providing water purification systems to the people of Roatan, Honduras.

There are many ways to participate in sharing the love of Jesus Christ through short term missions. One, is to physically GO. Please contact us to secure your place on this year's team. Understanding that personal emergencies can happen, our policy is that all deposits are non-refundable once airline tickets are purchased. Space is limited.

Secondly, we need volunteers to help with fundraisers, collect aluminum cans and used ink cartridges, sort and box supplies, donate medical and school supplies and provide funding for the water purification systems. But, most of all, we need your prayers that we might be effective ambassadors of Jesus Christ.

Ministry Opportunities

Roatan, Honduras

There are currently over 40 "double bucket" water purification systems being used on the island

Prayer Teams at every location

Medical missions are set up in schools, churches and even, under trees in some barrios

Thousands of donated vitamins, medications and medical equipment are shipped to Roatan and distributed with the assistance of local doctors.
